

COVID Vaccination Guide

Page 1

Hi

Hey what's up?

Going to get my
COVID vaccine
today

That's great!

The vaccine protects you
against getting sick from
COVID. It also stops you
from spreading COVID to
others.

I know. I'm nervous
though

I was nervous too. But
I got mine and it was
really easy! I can tell
you how it works.

K

COVID Vaccination Guide

Page 2

I was a little nervous when I got mine too. But I knew it was important. So I got my driver's license, phone, and mask.   

But I don't have a driver's license 

No problem. You can bring any ID card.

Oh and I also brought my headphones so I could listen to music. It helped me relax.  

Good idea. I have the perfect playlist! 

How did you know where to go when you got there?

COVID Vaccination Guide

Page 3

It was easy. There were signs and arrows to follow. I checked in at registration. They told me I could sit and wait at a table.

Were there a lot of people? 

Sort of. But everyone followed the arrows so it wasn't too bad. 

That's OK I guess 

Then I went to my own table. It was just me and the person giving the vaccine.

She asked me my name and birthday. Then she asked me to pull up my sleeve so she could give me the shot.

Yikes! Did it hurt? 😞

Only a little. I was brave.

✊✊✊ It felt like a poke.

It was over in about 5 seconds. I counted down like a rocket taking off. 🚀

I'm glad it didn't hurt too much!! 😺😺😺

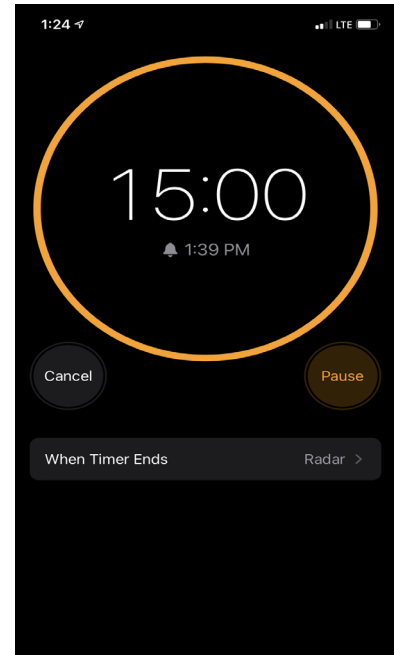

Was that it? Did you leave after that?

I had to wait 15 minutes. It was cool. I listened to my music. 🎧

I set the timer on my phone so I knew when I could go...

COVID Vaccination Guide

Page 5

Good idea  I'll set my timer too.

That was it! I left after my timer went off with my mask on. BOOM!

Wait  You still have to wear a mask after you get vaccinated? Why?

Yeah. After you get vaccinated you still socially distance and wear a mask.

It is extra safe. I am cool with it. I have a Star Wars mask. Wanna see?

K

Thanks for telling more about the vaccine. I feel much better! 🐱
Let's do this!
